12 Julie 2013

RUSTIC STYLE FURNITURE is a factory in manufacturing of wood furniture.

We are using satlon 105 on our wood furniture to finish the furniture at the final process. We have been buying our satlon 105 super glue from C.A. BOND TRADING since may 2013 and is pleased to say that the super glue is a very good product for the way that is is been used in our factory.

Since we are buying from C.A. BOND TRADING we always receives exceptional good service from them and quick delivery to your door.

For example:

I phoned Charles on Thursday 11/07/2013 at late afternoon and placed my order and the next morning I received our order just before 08:00.

Thank you
Juliana
